The Mason LINE

by Chen Mason

This little old column does not now, or ever intend to delve into the relative merits or demerits of L. G. annexing to La Mesa, but we must rise to defend our honor.

Some two weeks ago the able city attorney of La Mesa, Leo Henriksson, a good friend of ours by the way, was quoted as having said at a Business Men's luncheon that "La Mesa had a better fire rating than Lemon Grove, a fact that is nearly always true of incorporated areas as compared to unincorporated communities."

Now Rick, me boy, the first part of that statement just isn't so. La Mesa has a class VI rating and so has Lemon Grove. The latter part of his statement is correct, however. But Lemon Grove is the exception to the rule. We doubt if any unincorporated area in the state has a class VI rating and not too many incorporated cities have a better rate. Just wanted to clear up that little point.

While we're in the subject of fire districts, we would like to say that your commissioners and fire chief have been hard at work on this year's budget. It now appears that the tax rate will be somewhere between 50 and 53 cents, a reduction of at least eight cents from last year. This will however, provide for an addition to the station where one of the trucks will be housed, a new drain system and driveway for the washing and drying of hose and a new retaining wall to insure complete usage of all available land on the present site. The addition of one full time paid fireman is also provided for in the new budget.

The replacement of the 1/2 ton pickup with a new one ton truck is also assured. A most necessary move because of the repairs and frequent tire replacement on the smaller 1/2 ton pickup.

Visitors are most welcome at the fire station and may we suggest you drop in and see your department, preferably between 4 and 6 p.m.

We are where our old friend Steve Westover is retiring from the lumber business and intends to write for a lumber publication. Steve is the father of the old "Dixon Line." We miss his witticism. Why not revive the old column, Steve?

Sadness and sorrow must come to all of us sooner or later, but let us say that one's faith, church and pastor combine to ease the sharpness of the suffering immeasurably. Believe us, one will never regret church membership and regular Sunday attendance.

Lions Frolic As Officers Are Chosen

Almost 200 Lemon Grove Lions, Lionesses and their friends dined and danced, and otherwise took part in the entertainment program at the Lions annual year-end party Saturday night at Casper's.

The clubs have a joint party arranged by outgoing officers each year. In this year's effort the speechmaking was at a minimum and the only formality was the presentation of attendance awards. Robert Van Weller received an award for five years of perfect attendance. Twenty-nine received awards for one year of perfect attendance.

Presentation was ably handled by Forrest Baxter, Dr. Cal Nichols and Al Cole. Cole is retiring president.

Photos of the party are on display at Lemon Grove Camera. Prints are available.

LETTERS TO THE EDITOR

Dear Editor: Two weeks ago at a meeting of the Business Men's Club of Lemon Grove, the city attorney of La Mesa was purported to have said that the City of La Mesa's fire department had a rating of Class 6, which was lower than the rate enjoyed by the Fire Protection District of Lemon Grove.

We would like to set the record straight. Our district also has a Class 6 rating obtained after only five years of operation. La Mesa has the same rating after some 30 years of operation.

Very truly yours
LEMON GROVE FIRE PROTECTION DISTRICT
Channing P. Mason
(Chairman)
Tom Parsons

LOCAL PRINCIPAL IN EXCHANGE WITH HAWAIIAN COUNTERPART

Robert Sutton, San Miguel grade school principal, left, turns over the keys to the building to exchange principal Harry M. Hale of Lanikai, Hawaii, while Mrs. Ted Magnusson, past president, and Mrs. H. D. Pendergrass, present president of the San Miguel P-T-A, look on.

Sutton will leave for Hawaii August 1 to take over the principalship of a school in Kailua, on the windward side of Hawaii. The school houses 1800 students and has 57 classroom teachers.

Sutton and Hale will exchange residences during the exchange period. Mrs. Hale will also come to Lemon Grove and teach at the Junior High School. Mrs. Dorothy Geisler, L. G. third grade teacher, will exchange with her. Mrs. Geisler will live with the Suttons in the Hale residence during the year. Hale's address will be 3833 Massachusetts while in the Grove.

Big Holiday Weekend at Southern California Exposition

DEL MAR—The Southern California Exposition and San Diego County Fair is preparing for its largest crowds on the July 4 weekend, starting Friday, July 1. This same weekend last year, nearly 75,000 persons streamed through the gates over the three-day holiday.

For fair guests it will be an action-packed weekend with more programs and special events on the agenda than one person could possibly get around to seeing.

One of the outstanding highlights will be the Aut. Sweden Auto Thrillride—starring a great congress of skilled precision and death-defying drivers in a blazing spectacle of flames, speed and comedy. Shows are scheduled for Saturday and Sunday, afternoon and evening.

Dancing Waters is back by popular demand. This colorful extravaganza of lights, water and music is shown nightly each half hour beginning at 8:30.

The Don Diego Super Circus is delighting both the young and the young in heart. It stars Chet the chimp, the Happy Hounds, the Barretts, Kaylitta and Fine and Dandy.

Saturday and Sunday a national horse show will be held. For the first time in several years the show is held as a night attraction.

Veteran auto races—always a thriller at the exposition—will be presented Sunday and Monday at 5:15 p.m. in front of the grandstand. Vehicles vying for top time around the track will be, among others, a 1910 Pope Hartford, 1909 Mercedes, 1910 Simplex, 1912 Benz and a 1914 Ford.

On the Community Stage at 7:30, Saturday, Sunday and Monday nights, there will be an exhibition of judo and jiu-jitsu—originally an Oriental art that has been adapted for use by our armed forces for close-in fighting.

Monday night, last night of the 16th annual exposition, the show will become a blaze of glory as hundreds of fireworks are set off at 9:45 in front of the grandstand.

All attractions on the 265-acre grounds are free with the exception of rides and sideshows on the midway and rides in kiddieland.

Other entertainment included in the 85 cent admission charge for adults and 25 cent price for children will consist in part of a hobby show, festival of flowers, preview of progress, livestock show, junior fair, art show, armed forces displays, woman's world, tropical fish exhibit, photography, gems and minerals, commercial exhibits. Boto, the estimates.

La Mesa Annexation Vote Asked By Club's Officer

Local voters should have a chance to vote on annexation to La Mesa, French Faucher, president pro-tem of the Lemon Grove Men's Club, said this week.

Faucher said he had called upon the annexation study committee to have an attorney prepare a petition electing a La Mesa annexation election to be held as soon as the petition could be successfully circulated.

The Men's Club last week rejected the opportunity to endorse annexation either to La Mesa or San Diego. A motion is still on the floor, which theoretically will be acted on first this week, to return the club to its former way of operation—that of endorsing nothing.

Faucher, presiding last week in the absence of president Bert Betts, said the meeting got out of hand with motions being tossed in on top of one another. One motion in that category was to rename it the "Young Democrats Club."

Lee Sparks, Lemon Grove realtor who heads up the study committee, said that his group had conscientiously collected material by which the club could be guided. He said that the annexation petition would be drawn up if the membership voted for it.

The Arizona, San Diego and Eastern Railway people said they would discuss the railroad right of way parking area this week.

Betts said that he would be unable to preside at this meeting because of the pressure of business. He intends to resume the presidency July 8.

Faucher, a vice president of the club, will preside again this week, Betts said.

tax rate in Lemon Grove. If, when the assessed valuation is known, the budget is inadequate, the board will ask county officials for a reduction of the undistributed reserve to cover the increase.

The comprehensive liability insurance policy now in effect with the Fellows and Dudley firm was extended another year. Since the lowest bid did not meet with district specifications, the figures submitted by Fellows and Dudley were accepted.

The board read a letter from the Lemon Grove Men's Club in which appreciation was expressed for the excellent work being done in preventing a rise in tax rate and in maintaining single sessions for all children here.

The annual reorganization meeting of the board will be Friday, July 1 at 6 p.m. The next regular meeting is Monday, 7:30 p.m., July 11. At the August 1 budget hearing, a regular business meeting will replace the July 23 and August 8 meetings.

Hegland to Be Speaker at Local Demo Meet

By GINGER MCKENZIE

Sheridan Hegland, Democratic Assemblyman of the 77th Assembly district, who has just earned his "first" in political grass roots in the Sacramento legislature, will be the featured speaker Friday evening, July 8, at the Golden Avenue School, at 8 p.m. for the Homeland Democratic Club.

The Homeland area embraces Lemon Grove, Spring Valley and Casa de Oro, holding regular monthly meetings the second Friday evening of each month, at room 10, Golden Avenue School, and is sponsored by the Democrats who have organized the Homeland Democratic Club.

It is becoming one of the most active groups in the southern area of San Diego County and was one of the first to study the smog problem and six of the most important legislative bills in Sacramento.

Assemblyman Hegland was supported by the Homeland area as representative and it is hoped that folks will realize the great need to get together with our assembly representative.

The public is welcome and will get the top level counseling on plans for the future as well as a factual report on the latest bills from Sacramento.

A brief business meeting of the club will be held prior to the program at 7:30 p.m. sharp. Further inquiry may be had by calling HO 9-2918.

KEEPING UP WITH — JONESIES AGAIN

According to The American Peoples Encyclopedia Yearbook for 1955, a Wales television inspector is having difficulty in his job of detecting owners avoiding their annual license fee. He keeps running into "television snobs" a term he's coined for those 25 per cent who display aerials but have no sets!

Mrs. Fred Scheneman, first vice president of the Lemon Grove Senior Woman's Club, is shown presenting a year's free membership to Mrs. Le Roy Bellwood and Mrs. Louis Meyer at the graduation luncheon held at Town and Country, June 16. Mrs. Ed Miller and Mrs. Andrew Olson were also graduating members but unable to attend. The luncheon was planned by the Juniors and Seniors. General chairman was Mrs. Herbert Johnson.

The Dimmer VIEW

By MAX GOODWIN

Just like your mother-in-law, I keep reminding that I told you so.

I told you that some of the self-appointed saviors were lying when they gave you "facts" regarding municipal government earlier this year when incorporation was up for vote.

It is brought firmly to mind because all concerned in the higher utilities hassle seem to have decided on how much more you and I will pay for our electricity as a resident of an unincorporated area.

In a minute I'll show you exactly how much, but before that I want to show you how misguidance was used against us here, and how it will possibly be used against us in the future.

A leading figure successfully argued down an intermediate rate for Lemon Grove which had been established as an example, basis: "They had a chance to incorporate and enjoy a lower utility rate, but they spurned it," he said.

That was his answer to a proposal that unincorporated areas should pay less-than-the-maximum rate because the firm had to run the juice through Lemon Grove, for example, to get it to El Cajon or La Mesa. Rates are based on distance and density.

So here we are, a community of some 18,000, closer to the source of the power than some incorporated communities, and we are destined to pay a tribute each and every month because we do not have the brains or gumption to rule ourselves.

Here's how much you actually pay: The average resident uses 200 kilowatt hours of electricity. The Public Utilities Commission estimates 5,471 consumers in the area, which is slightly larger than our school district.

La Mesans, for example, are now paying \$5.04 for 200 kw. Under the new schedule they will be upped 8% to \$5.37. Grove residents now pay \$5.48 for 200 kw. They will be charged \$6.74, an increase of \$1.26.

The variance between the two types of communities is now to be \$1.01. In the area which the commission calls Lemon Grove the monthly cost to you and me will be \$5.53. In a year's time that is an added \$66.00 living cost for which we get nothing additional in return.

It is coincidental that the announced cost of a community swimming pool is just about equal to the difference we'll pay the electric company for the questionable advantage of having no municipal government.

DEL MAR TRACK NAMES RACING OFFICIALS

DEL MAR—Racing officials for the sixteenth summer season at Del Mar by the sea, opening July 27, were announced this week by President and General Manager Donald B. Smith. The list has been submitted to the California Horse Racing Board for approval.

Wendell P. Cassidy returns to the turf-surf course after a year's absence as the presiding steward. James J. Tunney will be his associate in the stand, with W. C. Buchanan as the steward representing the CHRB.

The post of racing secretary and handicapper will again be filled by John R. Malvius, assisted by Herman Sharpe and Jack P. Meyers. All have been Del Mar regulars for several seasons.

Raymond Tremayne, Andrew Ferguson, Lawrence McDermott and Robert McRoberts will serve as paddock and field judges, with George C. Zarelli, John Hartley, and Meyers as placing judges.

Veteran William E. Mills returns as the starter, Robert V. Rossi as clerk of the scales, and R. F. Brown as official timer.

Dr. L. J. Cook will be back as track veterinarian and Dr. H. C. McKim will be the veterinarian representing the racing board.

Grossmont Board Sets \$4 as Teaching Rate

The hourly rates for instruction in the Grossmont Union High School District's extensive adult education, summer school programs were set at \$4.00 by the school board for the 1955-56 school year. The pay scale had been \$3.70 or 30¢ per hour below the schedule prevailing in neighboring districts. The board voted to continue other rates at the current level, and are: Day to day substitute teaching \$17 a day, operation of driver training car for adults \$2 an hour, supervisor for sound equipment when equipment and building is used by community groups.

Local Market Consolidated With Rancho Market Basket Markets

The merger of two independent grocery chains was announced here this week by Herb Bruggeman, president of the Rancho Market Basket Markets, and Jack Davis, president of the chain bearing his name.

The consolidation will take place July 1 with Bruggeman heading the new corporation.

HERB BRUGGEMAN

Davis will head the produce departments at both wholesale and retail levels.

Seven Rancho Markets and three Davis Markets are involved in the merger. A Davis Market is located in Lemon Grove. The nearest Rancho Market Basket Market is at 6134 University.

Bruggeman said that there would be no change in operating policy but the Davis Markets would bear the name of Rancho as soon as the signs could be changed over. There would be no change in personnel, he said.

"The merger is a result of the trend of the times," Bruggeman

JACK DAVIS

said. "Our markets are a multi-million dollar operation upon which thousands of families depend upon daily for their food needs. This consolidation makes sense because we are able to eliminate duplication in many of our operations. This means better value for the consumer, and it is the consumer who makes the market."

Bruggeman said that "Action Stamps" would be distributed through the Lemon Grove store starting July 1. These stamps are premium redemption stamps but all profits are dedicated to youth work. Already a 700 acre ranch has been established at Ramona.

"This is the first year for our 'Action Ranch,'" Bruggeman said. "We expect to house as many as 10,000 youngsters during a year's time as we increase the camping facilities."

Bruggeman has been in the grocery business in San Diego for ten years. Davis has been in business for a like number of years. He has operated in Lemon Grove for four years.

Jeanne Kesney, 6-foot Miss San Francisco, "I'm not the cheese-cake type. I hate it. Knees, and all that stuff. It seems silly."

NEW BEAUTY SHOP CHAIN NAMES MANAGER

Stella Carney, local beautician, has been named manager of the new Hollywood Beauty Shop which will open in about 60 days at 1832 Broadway, next to Hunsley's Law Building. It was announced this week by Ken Priest, operator of the firm.

Priest, a Lemon Grove resident who lives at 1715 Englewood Drive, is the operator of five other beauty shops all bearing the name of Hollywood. The Lemon Grove Shop will be a 600 girl operation. In all, Hollywood employs 50 operators and is reported to be the largest independently owned chain in Southern California.

Priest said that the Grove shop, as the others, would feature a soft, natural, long lasting Hollywood Cold Wave for a less-than-\$4 price.

Other Hollywood Shops are located at 828 Broadway, downtown; Fifth and Cedar, downtown; 317 Third Ave., Chula Vista; 3208 University, North Park; and 1440 Garnet, Pacific Beach.

Priest is active in local service club circles.

18 Free Lectures To Be Given at State College

A series of 18 free lectures are being held at San Diego State College, featuring authorities on the physical sciences, biology and psychology.

The scientists' talks, accompanied by slides or films, will be followed by a question period every Tuesday, Wednesday and Thursday night for the next six weeks.

The psychology series, planned by Dr. Edward Goldreich, 2174 Berry St., Lemon Grove, associate professor of psychology, opens the series with Dr. J. A. Gengerelli, chairman of the department of Psychology, University of California at Los Angeles, discussing "Studies in the Neurophysiology of Learning."

Open to the public without charge, all lectures begin at 7:30 p.m. in the Science Lecture Hall, S-101, at San Diego State College.

Highway 94 Club Gets Good Report

A letter read at the meeting of the Highway 94 Club last Thursday night told of the progress that is being made toward a long dreamed of highway from the northeast corner of the United States to the southwest corner. It will be one of the major highways of the country.

The letter further stated that there are several chambers of commerce along the proposed route that are backing it. The proposed route will take in U. S. Highway 52 and connect onto Highway 94. Part of the route to go through Texas.

Bill Doughman, president of the Spring Valley Chamber of Commerce, who attended the meeting, said that the Highway 94 Club is very optimistic about the whole thing.

TRUCK MAINTENANCE BIDS WANTED BY P. O.

The Lemon Grove Post Office is anxious to have bids for the maintenance of their government owned trucks. Bid forms may be obtained from the local office, and they are to be returned by June 30, 1955.

In service because necessary due to a transfer of personnel to the new office located in Chula Vista.

Part time service formerly provided in Chula Vista and National City will be discontinued and full time drivers' license and registration service will be provided in the new office at Chula Vista. This is in line with the department's announced long range plan for providing improved service throughout San Diego County.

Mrs. Burr Installed As President of Foothills Art Assn.

The new officers of the La Mesa Foothills Art Association were installed at the La Mesa Woman's Clubhouse June 15. The group was introduced and instructed by outgoing vice president, Mrs. Esther Chamberlain.

The newly installed officers are Mrs. Roy (Connie) Burr, president; Mrs. Phoebe Burnham, first vice president; Mrs. Lee Gassett, second vice president; Roy Crowningshield, third vice president; Mrs. Katherine Tenner, recording secretary; Hazel Braddock, corresponding secretary; Mrs. Mary Willis, treasurer; Mrs. Bertha Holmes, historian; Ralph Smith, auditor. Honorary president was James Tank Porter.

Following the installation, Mr. Porter (on behalf of the association) presented several paintings to the Grossmont Hospital. (This is the fifth year that the association has presented paintings to hospitals in the area.) Mr. Porter recalled his stay in a dreary hospital, and described the "get well" influence a painting, such as those on display, would have on a lonely patient.

L. M. Peelyon, who accepted the gifts, on behalf of the hospital, told the influence the paintings would have in speeding the recovery of the patients. He went on describing the new hospital as one of the most modern in the country.

Mrs. Sheldon Thatcher, director of landscaping, displayed a map of the grounds and described the Memory garden.

The paintings, which will be in the hospital when it opens in July, will be framed and identified by La Mesa Foothills Art Association name plates.

MATH AUTHORITY TO BE CONFERENCE SPEAKER

Mrs. Marguerite Brydegaard, area resident and mathematics teacher, who is director of the Conference on the Teaching of Mathematics at State College, said that Foster E. Grossmickle will speak at the one day affair.

Grossmickle, prominent teacher and author of mathematics textbooks, will lecture on "Basic Principles Guiding the Teaching of Elementary Mathematics."

No registration is necessary, and no fee will be charged. The program is set for 9:30 a.m. to 11:30 a.m., Wednesday, July 6, in F-101 on the State College campus, Mrs. Brydegaard said.

Grossmickle is one of the authors of the state's textbooks on arithmetic, "Arithmetic We Use." The revisions of this book are among the books now being considered for later use in the state.

He is also the co-author with Leo J. Bruckner of the text, "Making Arithmetic Meaningful," explaining methods of teaching.

He wrote the script for two films produced by Encyclopedia Britannica and produced arithmetic film strips.

Professor of Mathematics and head of the Department of Mathematics at New Jersey State Teachers' College, Grossmickle is a visiting professor at the University of Southern California this summer.

He is a member of the staff of Instructor Magazine and writes for Popular Science Monthly. The lecture has taught at the Universities of Maine, Minnesota, Texas, Wyoming and Syracuse, New York University and Duke University.

This summer he also will be on the UCLA Conference for Teachers of Mathematics.

"Mr. Grossmickle was on the conference program two summers ago," reported Mrs. Brydegaard, "and he was so well received that he has been selected as guest speaker this year. He is very well known in California."

California Teaching Now a 'Profession'

With the signing of the Dilworth tenure bill by Governor Goodwin Knight, the legal status of a profession was given to teaching for the first time in American history, according to a statement made by Arthur F. Corey, executive secretary of the California Teachers Association.

The Dilworth bill provides that the findings of a panel of educators, composed of representatives of a statewide professional educational association, may be accepted as court evidence in a contested teacher dismissal case involving competency or fitness.

MOVIE ACTRESS, AREA MAN TO BE CORONADO FETE FEATURES

Maria English, glamorous young Paramount star, who scored such a tremendous hit when she took part in last year's Fourth of July celebration in Coronado, again will come to the city to reign over the water show on Sunday afternoon, July 3, to be staged by the San Diego Speedboat Club and Water Ski Club. The three-hour affair will start at 2:30 p.m. on Glorietta.

Miss English, daughter of Mr. and Mrs. Arthur English of San Diego, will be on a large float in the parade, together with 12 boats filled with beautiful girls. She will reign as queen of the entire water show and will take part in the skiing exhibitions.

The show will feature ski jumping events, a track ski demonstration and group ski acts.

Bud Leach, San Diego national water ski champion; Sally Sherwood, Southern California junior champion and Harry Laughinghouse, California water ski champion, are among those who will take part.

To date, more than 100 horsemen have filed entries for the parade, which will start at 11 a.m. on Monday, July 4. P. H. Demler, general chairman, has announced. In addition there will be six riding groups, 12 bands, 35 floats, majorette groups, drill teams and novelty entries. Marguerite Howell of Point Loma is parade co-ordinator. A. H. (Bob) Howell of Lemon Grove is parade marshal and Vice Admiral John W. Roper, USN, ret., is reception chairman.

Many entries have been received for the Horse Show, which will start at 9 a.m. on Sunday, July 3 and numbers 21 classes.

Ralph Rose of San Diego is ring chairman and Charles Purdy of El Cajon is ring master. H. C. Howard of Coronado heads the ring committee. The announcers will be Al Sherwin and Malcolm Russell. The judges will be Dr. Ralph Blodgett and Ralph Waters.

Many features are planned for the celebration which starts on Saturday, July 2 and ends on Monday evening, July 4 with a fireworks display on Glorietta Bay at 8:30 p.m.

GROVE MAN'S ARABIAN HORSES TAKE CALIFORNIA PRIZES

A. E. "Bob" Howell, local businessman and his Arabian horses have won four firsts and two seconds in shows throughout Southern California recently.

In May at the Western Wran-

gler's Horse Show at Linwood, he took first in the Spanish Silver Class and first in the Parade Horse Class at the Fallbrook Rodeo Parade.

In June he was first in the Spanish Class at Glendale's Days of Verdugo Parade, and first in the Parade Horse Class in the Elk's Rodeo Parade at Santa Maria. At the Navy Relief Rodeo at Camp Pendleton he took second in the Western Class and as a parade marshal in the Escondido Riders Parade.

Howell has been invited to participate as parade marshal in the Fourth of July Parade at Coronado and as division marshal at the Parade de las Flores in La Mesa. He also has been invited to the Fiesta at Santa Barbara, the Shrine football pageantry and the Sheriff's Rodeo Grand Entry, both of which will be held in the Los Angeles Coliseum later this year.

Royal Neighbors of America: 2nd & 4th Mondays at 8:00 p.m.

CARR'S CORNER

We have always considered copper to be one of the nobler metals and the recent shortage of our favorite has irked us no end. So we were delighted when our scouts gave us the cheerful news that the Government had transferred 35,000 tons of the stuff from its stock pile to industry. Whereupon we felt justified in stepping out and buying as nice an assortment of pretty copper things as we have seen in a long time. Now they are displayed in our hanging show case, a charming sight for all our friends to admire.

Today's kitchen is really all inclusive in copper dress and there are hand-corn, gleaming bread boxes, canister sets, paper towel dispensers and even can openers, for crumblers and stocks.

Just to set off our show we added some beauties in the shape of graceful chafing dishes, (alcohol AHD electric), casseroles, etc. They do us proud and we are sure that you will like them.

By the way, when driving these days, do bear in mind that the streets are now full of youngsters, just escaped from school—their little heads full of everything except the thought of being struck by a car.

Local Men in CPA State Meeting

Bert Betts and Richard Menden, Lemon Grove CPAs, are among more than 400 certified public accountants from all over California attending the two-day annual meeting of the California Society of CPAs at the Hotel del Coronado.

The group elected John B. Norberg, San Marino, society president for the coming year.

The problems of tax adminis-

tration, as it concerns businessmen and accountants, was reviewed by Paul K. Webster, assistant commissioner of internal revenue, Washington, D. C.

THE SHOW'S THE THING!

"Conquest of Space," which opens this Wednesday, June 29 at the Grove Theatre is an "out-of-this-world" movie. It is a science-fiction drama starring Walter Brooks, Joan Shawlee and Eric Fleming. This outer space tale has to do with a group of volunteers who attempt a flight to Mars from "The Wheel," a man-made space station over 1,000 miles above the earth. The pic is in technicolor and VistaVision. The movie is complicated in spots, yet very realistic.

The co-feature with "Space" is an exciting Western entitled "White Feather" that stars Robert Wagner, Debra Paget and John Lund. This is a story of the Indian wars, which was photographed in CinemaScope, color, with the locale being Old Mexico. A large cast is one of the highlights.

The main features for the Saturday matinee besides the serial and cartoons are "No Holds Barred" with the Bowery Boys and "Hiawatha."

An Indian of destiny is a title that might be bestowed upon

"Chief Crazy Horse," the name of the movie that will play the Grove Theatre this Sunday. When the unscrupulous whites launch a gold rush in Indian territory where the "white-brows" are forbidden by treaty to enter, Chief Crazy Horse (Victor Mature), Sioux Indian leader, and his warriors wipe out U. S. Army forces, including General Custer's troops, but finally the redskins are plagued with disease and lack of food. In return they seek refuge at Fort Laramie. The movie co-stars Susan Ball, John Lun, was filmed in color and CinemaScope.

The companion feature with "Horse" is "Bengal Brigade" starring Rock Hudson, Arlene Dahl and Ursula Thues. The movie opens with the last-ditch defense of Malakal Pass—B.T.

McKinnon Buys Tucson TV Station

Clinton McKinnon, former U. S. Congressman from San Diego, and former publisher of the San Diego Daily Journal and the Los Angeles Daily News, announced last week that he had purchased controlling interest in the television station at Tucson, Arizona. He is presently completing arrangements for converting the Mission Beach Scripps estate to a hotel-motel. The McKinnons live at 1145 Pacific Beach Blvd.

How to make sure you get the right number

Look it up. Be sure you look up the right number in your directory or Blue Book before you start to dial.

Let it down. It helps to have the number written down in front of you so you don't forget it while you dial.

Dial the complete number. Be sure you dial the first two letters and the numeral of the prefix, then the other four figures. For example, to call CYPRESS 5-7599, first dial C-Y-5, then dial 7-5-9-9. Pacific Telephone

NEW EXECS FOR LIONS CLUB

It was change-of-officers time for the Lemon Grove Lions Club last week when installation of officers was held at Michael's.

Shown passing the gavel of presidency is Al Cole, left, to Harold Holaday, newly elected pres.

Left to right in the photo are: Cole; Paul Hunter, past district governor; Emmet Marshall, past "tail twister"; Ted Skelley, present "twister" and Holaday.

Other officers include Roy Erwin, first vice president; Dr. Calvin Nichol, second vice president, and Paul Loner, secretary and treasurer, and Ray Van Nieu, Lion Tamer.

Another Lion, Forrest Baxter, is deputy district governor.

—Lemon Grove Camera Photo

Decision on 'Unsafe' Grossmont Building Delayed

The Grossmont U.H.S. Board on Monday night deferred decision on use, rehabilitation or abandonment of 25 classrooms, library and offices at Grossmont High pending further study.

The Citizens Advisory Committee reported that the buildings were felt to be substantially safe, but that school board members should be relieved of personal liability which now exists.

The architect's study of rehabilitation of the buildings to conform to Division of Architecture standards would be too costly for the two-story portions of the main building, but that cost of rehabilitation of the old cafeteria building, the lunch annex and the agriculture building would be moderate.

This engineering study will be considered by the Citizens Advisory Committee on July 5 together with a \$3,350,000 bond issue proposal. \$1,100,000 is proposed for repayment of the state school building loan in full. The remaining \$2,250,000 would provide funds for construction of the Lemon Grove Spring Valley High.

The Grossmont School board will consider the bond issue and the Grossmont building problem at the July 11 meeting.

LOCAL MAN GRADUATES AT NON-COM SCHOOL

CHERRY POINT, N. C.—Graduated from the Non-Commissioned Officer Leadership school here in June was Marine 1st Sgt. William G. Hudson, son of Mr. and Mrs. H. A. Barrett of Lemon Grove, and husband of the former Miss Simona Tye of Tuxedo, Minn.

He has returned to the Marine Corps Air Facility, New River, N.C.

Before entering the service in October 1945, he attended Benedictine Military College in Savannah, Ga.

The four week course, conducted by the 2nd Marine Aircraft Wing, instructs NCO's in infantry tactics, small arms, map reading and other subjects necessary to the small-unit leader.

PAUL ZINTGRAFF NAMED ASSISTANT COUNTY SCHOOLS SUPERINTENDENT

Paul E. Zintgraff, director of instruction for the San Diego, Florida County Schools, has been named assistant superintendent of San Diego County Schools. It was announced last week by Cecil D. Hargravy, superintendent.

Zintgraff replaces Francis L. Drag who resigned to accept the position of Basic Education Specialist with the U. S. Foreign

Throwin' The Bull

By BOB TURNBULL

It's a Joke, Sun! . . . Newspaper ad of an enterprising automobile dealer: Going Out of Business. All Cars Guaranteed.

Altar Arrests . . . June 18 was a red-letter day in the life of Lila Smith of La Mesa, as she became the bride of Dick Huff, a homier from Indiana. Lila is an alumna from Helix and her hubby is currently serving in Uncle Sam's water-armed. They plan to claim La Mesa as home.

On the fifteenth day of the sixth month of the year nineteen hundred and fifty-five, Miss Yvonne Lee Boucher, daughter of Mr. and Mrs. James W. Boucher, Vista La Mesa, became the wife of Thomas Cecil Clark, son of Mrs. Blanche Langford Clark of Panguitch, Utah. The new Mrs. Clark graduated from within Helix.

Summer Doin' . . . Carrie Boyd and Diane Gilmore spent a few days in Hollywood at Diane's aunt's home. They took in many famous sights. . . Karen Dawson and Kris Johnson spent a few days at Old Mission Beach.

. . . Stu Sloan and Larry Cooper are up in San Berdo, picking plums for their job. . . The new songleaders and cheerleaders of Helix are practicing their routines.

Kathy Boyd, Janet Sloan, Pat Brown, Dawnne Hanson, Karen Badrou, Ron McCleave, Ed Perkins, Everett Oliver, Jim Renner, Neal Curtis, Julius Tuttle and Randy Gatewood spend many of their days at Santa Clara Point, water skiing and riding around in Randy's boat.

What's Happening! . . . Every Wednesday night there is a dance at the La Mesa Youth Center, from 8:30 to 11:30. . . Guess who'll be in town on July 8 and 9? Yep, you're right! Judy Garland and her star-studded cast of 40 will be in Russ Auditorium Friday and Saturday night, July 8 and 9. With Judy will be the Where Brothers, The Hi-Los, Frank Fontaine and Jerry Gray and his 20-piece orchestra. Tickets are now on sale in Palmer Box Office, Theatre's, 540 Broadway, San Diego.

The Show's the Thing! . . . Now playing at the Grove Theatre: "Conquest of Space" and "White Feather" starring Robert Wagner and Debra Paget. Starts Sunday: "Bengal Brigade" with Rock Hudson and "Chief Crazy Horse" with Victor Mature.

Your School Leaders! . . . Ron Swalsted, ASB president of Helix High School, is a fellow who has completed many achievements while in high school for three years. He has served the school very capably as the Sophomore and Junior class presidents. Ron is striving to organize the student body into a united group. He is crazy over sports, having played football, basketball and baseball and should be a triple-letter winner next year. Ron is a Lemon Grove lad.

Joins Drew Agency

ROBERT W. LAUNER

Robert W. Launer, 3187 Pasadena Street, L. M., has been named to the sales staff of the Drew Motor Sales office in Lemon Grove. Drew is Ford agency for this area.

Until earlier this month Launer was associated with a local finance company. Prior to that he spent 23 years in various banks which included several years as the main office of the Bank of America as an officer of the bank.

Launer will handle used auto sales, as well as new passenger cars and trucks for Drew.

Rosmary Augustine, S. D.—"The hot dog is the best dog of all. It feeds the hand that bites it."

Soft Water is Key to Summer Skin and Hair Care, Says Stevens

With summer bringing increased exposure to sun and wind, soft water is the key to skin and hair care. V. A. Stevens of the Lemon Grove Culligan Soft Water Service reported on June 23.

He said that hard water bathing makes it more difficult to feel and look your best in hot weather. Special soaps and beauty preparations are wonderful morale boosters, but the water in the tub actually is far more important, he pointed out.

Hard water, which afflicts 85 per cent of the country, contains minerals that combine with soap to form an insoluble curd. This curd clings to the skin to prevent thorough cleansing and add to the sticky and unpleasant feeling. It also causes bathtub ring.

The curd is not removed by either repeated washing, rinsing, or toweling. It interferes with the natural acidity of the skin and thus reduces the effectiveness of the beauty preparations which are especially important in hot weather, Stevens stated.

When skin and hair are washed in soft water, soap can go to work to remove dirt. Then soft water rinsing leaves you with a refreshed and clean-all-over feeling.

Besides being beneficial, soft water is kind to the pocketbook. The Culligan manager pointed out. Since soap lathers so easily in soft water, up to 66 per cent less soap is needed to wash in soft water.

Soft water feels different, too, Stevens declared. It's silky and luxurious to the touch.

It is possible to get an unlimited supply of soft water in the home with soft water service or a home-owned softener.

Soft water service is like telephone service: there is no initial investment in equipment and no work to maintain the softener. All the work is done by the local water conditioning dealer.

Circle Eight's Annual Past Presidents' Dance Provides Luau Fun

Tropical Hawaii greeted Circle Eighters and their guests at their past presidents' luau on Friday at the S. V. Community Center. Add to the lush greenery, the palms and the banana trees, the largest punch bowl, complete with floating gardenias, ever seen at a square dance, and you have a formula for fun.

Beautiful leis were placed on the shoulders of past presidents Frank Dyson, Milton Nesbitt, Ernie Denlinger, Tommy Thomson, George Yoshonis and Frank Foster by present Jim and Onaida Hutton.

"Crown Prince Roy" was assisted in calling at the "grass shack" by Clarence Montgomery, Ben Adams, Ron East, Frank Dyson and Jim Hutton.

Hawaiian dances were given during intermission by Pearl Wainett and Freda Massey. Julie McCray played songs from the Islands on the accordion while the dancers enjoyed barbecued pig sandwiches. (No pot, but oh boy! were they good!)

Guests attired in colorful shirts and sarongs and even a few hula skirts were: Gib and Edna Meyer, Darren Swenda and Fred Michaels, Lottie and David Matthews, Frank and Dusty Herrington, Roy and Ladine Yowell, Vera and Glenn Clark, Ed and Mary Carmony, Bobbi and Blackie Moisherry, Blanche Murphy and Miss LaBelle Fischl.

Committee chairmen were Frank and LaBelle Fischl, vice president and members of the board: Jim and Onaida Hutton, Pearl and Lew Wainett, Vern and Jo McAtee, Earl and Jane McCray, Frank and Anne Foster, and Hugh and Barbara McCarthy. Sue and Richard Ginkel and Bob McCarthy assisted with the decorations.

TENNIS TOURNEY TO FILL RECORD REGISTRATION

Over 2,500 entry blanks have now been sent out for the 39th annual La Jolla Open Tennis Championships set for July 8-17 at the La Jolla playground and neighboring courts. The tourney promises to be the biggest in its history with the Coronado tourney not being held this year and the Southern California Public Parks netfest being held a week later than usual.

Three of the playground courts are being refurbished for the event which offers a record 32 divisions for all ages including family doubles competitions. Adults will play on the two successive weekends, while juniors from 11-and-under to 18-year divisions will vie from July 11 through 15.

Entry deadline is set for July 2 at 5 p.m. at La Jolla playground. Entry blanks may be obtained at all tennis clubs or by calling GL 4-2071. The tourney is co-sponsored by the city park and recreation department and the La Jolla Tennis Club.

Albert Feil at Alameda Air Station

ALAMEDA, Calif.—Albert W. Feil, airman apprentice, USN, son of Mr. and Mrs. William W. Feil of 2600 Buena Vista, Lemon Grove, is serving at the Naval Air Station here in the Special Services Department.

He reported here June 2. Before entering the service in January 1955 he attended Helix High School at La Mesa.

BAPTIST COMMENCEMENT PROGRAM SCHEDULED

This Friday evening at 7:15 the Vacation Bible School Commencement program will be held at the First Baptist Church, Lemon Grove. At this time a demonstration will be shown of the memory work, music, notebooks, craftwork, and other things that the boys and girls have accomplished in this two-week school. A reception and open house will be held for the parents following the program. The pastor, Reverend Bob G. Rochelle, states that they have had a record breaking school with an enrollment of 175 and an average attendance of 153.

PFC Allen E. Lindsley, son of Mr. and Mrs. Alton Lindsley, 7310 Broadway, Lemon Grove, was recently named Soldier of the Month at the Army's Verdun Installation in France. Private First Class Lindsley was selected in competition on a basis of his neatness, knowledge of military subjects and efficient performance of assigned duties. Lindsley's wife, Louise, is with him in France.

Mrs. O. A. Patterson Named President Of Delphians

Alpha Beta Chi Chapter of Delphian elected officers at Hilltop Chateau, Lemon Grove, June 21 as follows: President, Mrs. O. A. Patterson; vice president, Mrs. A. P. Schnell; secretary, Mrs. L. D. Newton; treasurer, Miss Rosalie Winkler; Seminar Board members: Mrs. F. D. Bassom, Mrs. E. J. Billman, Mrs. W. A. Thomas. Mrs. Milton Kelly, retiring president, entertained members at luncheon in her home at 8053 Lincoln, following the closing program. Meetings will resume September 6.

Another Hospital Indoctrination Class Planned by Auxiliary

For Grossmont Hospital Women's Auxiliary members who were unable to attend the three daytime general indoctrination sessions held earlier, the course will be repeated on Thursday, July 7, 7:30-9:30 p.m. at La Mesa Woman's Club. Louis M. Peelyon, hospital administrator, will give the course, assisted by members of the hospital staff. All who wish to qualify for purchasing and wearing the official auxiliary pin must take this course.

The announcement was made by Mrs. J. Forester Coufs, La Mesa, auxiliary president, who stressed the fact that this will be the last opportunity for a member to attend this essential course before the hospital opens, and for an indefinite time afterward. She also stressed the importance of arriving on time, registering (in order to receive proper credit for attendance and service hours), and staying to the end.

Screening service will also be

SCIENCE IN YOUR LIFE

Victim of Progress The world-famous Trudeau tuberculosis sanatorium in Saratoga, N.Y., has closed its doors as a treatment center, the victim of medical progress. When the hospital found itself operating with only 60 patients, a third of capacity, the directors decided to abandon the treatment program in favor of research.

It was the U.S.'s oldest TB sanatorium and a model for many others throughout the world. Founded in 1885 by Edward Trudeau, himself a tubercular patient, the sanatorium had cared for thousands of patients since two consumptive factory girls entered the institution as its first patients.

When Trudeau was established, a diagnosis of TB was equivalent to a death warrant. The malady was well known as long ago as 460 B.C., when Hippocrates wrote the first medical code. In the 17th century John Bunyan wrote, "the captain of all men of death . . . was the consumption." It has affected our music and our literature, taking the lives of Chopin and Paganini, Chekhov, Keats and Balzac.

Most TB experts credit the closing of Trudeau and the empty beds at other sanatoriums to the new anti-tubercular drugs developed since World War II. Although TB began its retreat sometime after 1860, it is only within the past 15 years that new drugs like the combination chemical, streptomycin, have put the killer to rout. This tandem drug links two powerful weapons, streptomycin and isoniazid, so that they can be given in a single injection.

Tuberculosis is not entirely beaten yet, but Dr. J. Burns Amberson of Columbia University, dean of U. S. tuberculosis experts, recently declared, "Altogether, prospects seem good for what may be described as the conquest of tuberculosis in the foreseeable future. We certainly have the necessary means. It is only a question of using them."

St. Andrews Parish Day School Episcopal announces opening of Summer School Tuesday, July 5th.

Nursery, Kindergarten, & grades 1 through 5.

School hours — 9 a.m. to 12 noon.

Subjects — Reading & Phonics

Cost — \$30.00 for 6 weeks.

HO 9-1457

available at the above meeting, 6-7:30 p.m., when Mrs. Herbert Thompson, La Mesa, and her volunteer committee—of which Mrs. L. M. Peelyon is co-chairman—will be on hand. All members who wish to do volunteer work for the hospital must be screened. No one who has not been screened should miss this last opportunity before the hospital opens.

SLOW LEFT DRIVER MAKES HAZARDS

SACRAMENTO — The slow poke driver who fails to keep right is a traffic law violator says the California Highway Patrol.

This statement is based on Section 325.1 of the California Vehicle Code requiring a driver who is driving slower than the normal speed of traffic to keep to the right hand lane or as near the right edge or curb as is practical.

"Most of these violations occur on multi-lane highways," Patrol Commissioner B. R. Caldwell declared. "Frequently cars pile up behind the driver who pokes along in the left lane forcing other drivers to weave in and out of traffic to maintain normal speed."

"Lane switching is dangerous and leads to many mishaps," Caldwell continued. "And, too many times, the slow poke who sets up the hazardous situation is not involved in the accident."

"The best advice we can give motorists is to stay in the right hand lane except when about to turn left or when overtaking and passing 'another vehicle,' the commissioner concluded. "Remember, the slow poke who insists in driving in the left lane is subject to a traffic citation."

EVER wonder why some folks get to be known as good cooks? One reason . . . they have wonderful recipes to call upon. Like this one for barbecue sauce. Combine ingredients, simmer 10 minutes, and there's a sauce to set you up as a "cook extraordinary."

Best Cook's Barbecue Sauce
1/4 cup ketchup
1/4 cup onion
1/4 cup apple
1/4 cup vinegar
1/4 cup garlic
1/4 cup Worcestershire
1/4 cup tomato
1/4 cup brown sugar
1/4 cup molasses
1/4 cup mustard
1/4 cup ketchup
1/4 cup vinegar
1/4 cup Worcestershire
1/4 cup tomato
1/4 cup brown sugar
1/4 cup molasses
1/4 cup mustard

Lightly brown onion, celery and garlic in shortening. Stir in remaining ingredients; simmer 10 minutes. Serve with:
broiled steaks or chops
baked spareribs
frankfurters
hamburgers
meat loaf
chicken ribs

CARR'S CORNER Postscript

Please fly the Flag on the glorious 4th.

It will do you a lot of good to look at it—the children too and the neighbors and their children.

Drive carefully for a Happy 4th of July.

"This is what you're trying to win," stammered June Duncanson, British cycle racer, might be saying to Dapper Danny Fierman as she holds the magnificent gold-plated trophy being offered to championship motorcycle team in the international polo matches being waged in conjunction with the Aut Swenson Thrillride tour this season. Two of the three competing teams (Cuban, Canadian and American) will appear in action here when Thrillride bullfighters go their chance-taking repertoire July 2-3 at the Southern California Exposition and County Fair in Del Mar.

James Day, TV station manager — "TV educational methods should not be used to raise the level of information, but of understanding."

NOTICE OF TRUSTEE'S SALE

No. F-14386
NOTICE IS HEREBY GIVEN THAT Union Title Insurance and Trust Company, Trustee under Deed of Trust dated June 2, 1954, and recorded in Book 5261, page 137, of Official Records, San Die-

go County, California, will sell at public auction in the manner provided by law, to the highest bidder, for lawful money of the United States, and subject to all prior encumbrances on Monday, the 14th day of July, 1955, at the hour of 11 o'clock, in the forenoon of said day at the South center door of the County Court House, in the City of San Diego, County of San Diego, State of California, all the interest conveyed to and held by said Trustee, by the aforesaid Deed of Trust, in and to all that certain real property set forth therein, situated in the County of San Diego, State of California, more particularly described as:

The East 50 feet of all that portion of the Northwest Quarter of the Southeast Quarter of Section 32, Township 16 South, Range 1 West, San Bernardino Meridian, County of San Diego, State of California, according to United States Government Survey approved May 3, 1859, situated in the County of San Diego, State of California, described as follows:

Beginning at a point which is South 0°09' West 355 feet and South 89°51' East 502.5 feet from the Northwest corner of said Northwest Quarter of the Southeast Quarter of said Section 32, thence South 89°51' East 138.7

feet, thence South 0°09' West 314 feet, more or less, to intersection with the Northernly line of the land conveyed to Louis J. Berger and Jeannette Berger, by Deed dated December 22, 1925 and recorded January 4, 1926 in Book 1161, page 69 of Deeds, records of San Diego County, thence North 89°51' West along the Northernly line of said Berger's land 138.7 feet, thence North 0°09' East 314 feet, more or less, to the point of beginning, for the purpose of paying the balance due upon the principal sum of the Promissory Note secured by said Deed of Trust, to wit: the sum of Nine Hundred Five and 81/100 Dollars (\$905.81) together with interest from the 1st day of November, 1954, as provided in said note; sums, if any, advanced under the terms of said Deed of Trust, the expenses of said sale and the compensation of said Trustee, as therein provided.

Dated this 13th day of June, 1955.

PHILLIP WINKLER ACCLAIMED AT GRADUATION CEREMONIES

Two outstanding honors were given to Phillip Winkler, eighth grader, at the Lemon Grove Junior High graduation ceremonies last Thursday evening. For the first time since the establishment of the awards, both the Kiwanis Scholarship Award and the Citizenship Trophy were presented to the same student.

Dan Apra of the local Kiwanis Club presented a government savings bond of \$25 to Phillip Winkler as the outstanding scholar of the graduating class of 1955. In making the presentation, Apra said, "It is not often that a perfect scholastic record is found in any school. Phillip's grades during all his years at Lemon Grove have been tops, and he exemplifies the typical American youth along with the imposing record." He is the son of Mr. and Mrs. Frank Winkler, 7150 Broadway.

In presenting the perpetual trophy for high citizenship, S. E. Bolander, assistant superintendent of schools here, again called Phillip to the platform. His excellent citizenship record, coupled with the unanimous endorsement of the faculty, led to his being selected as the boy to be awarded the Brenda Epperson, daughter of Mr. and Mrs. Jess Epperson, was the girl selected to receive the citizenship award. Brenda had an imposing record for good citizenship as well as ranking very high in scholarship.

Frank Armstrong, president of the school board, read the names of 50 students in the class who had received all of their education in the Lemon Grove District.

Following Ben Scheer's presentation of the class diplomas were given by Armstrong to the 130 graduates, the largest class ever to be graduated by Lemon Grove. The students will attend Helix and Grossmont High Schools next fall.

Following the commencement ceremonies, the boys and girls enjoyed a graduation dance in the school cafeteria.

NOTICE TO BIDDERS
NOTICE IS HEREBY GIVEN that the LA MESA, LEMON GROVE AND SPRING VALLEY IRRIGATION DISTRICT will receive, on or before 9:00 A.M., July 19, 1955 bids for the installation of Merritt Drive Pipeline Replacement Project, in the County of San Diego, California.

All items of work shall be as more particularly enumerated and described in the Bid Form and other contract documents forming a part of, and in strict conformity with, the "Plans and Specifications for the Construction of Merritt Drive Pipeline Replacement Project," available at the office of the Board of Directors of said District, 4709 Spring Street, La Mesa, California, and shall include the following:

- ITEM 1. Installation of approximately 244' 10" Class 150 Asbestos Cement Pipe.
- ITEM 2. Installation of approximately 1720' 6" Class 150 Asbestos Cement Pipe.
- ITEM 3. Installation of approximately 35' 4" Class 150 Asbestos Cement Pipe.
- ITEM 4. Installation of 13 Outlets consisting of approximately 12' 8" Bronze Corporation Cocks and 1' 2" Tap and Wheel Gate Valve Assembly.
- ITEM 5. Installation of 112' of Copper Service Tubing consisting of approximately 96' of 1/2" and 16' of 1/4".
- ITEM 6. Cut approximately 2207' of existing water mains and plug with approximately 23 Concrete Plugs.
- ITEM 7. Connection of 10" water main to the existing 10" Water Main.
- ITEM 8. Connection of 8" water main to the existing 6" and 4" Water Mains.

The work shall include the furnishing of any and all required labor, transportation, services and material, other than water pipe, fittings, valves, remaining joint materials, copper tubing, bronze valves, cocks and fittings and hydrants, all of which will be furnished by the District if required, for the hauling, distributing, excavating, laying, caulking, tapping or assembling (including the installation of all couplings, rings, valves, fittings, etc.) testing, backfilling, restoring all pavement and surfacing where necessary, and removal from service of existing mains where indicated on the plans.

Material to be supplied by the District shall be made available to the Contractor at the District's yard at 1100 Wagner Street, El Cajon, California, except as otherwise indicated on the plans. It is especially noted that the attention of the Bidder that the completion of said work shall be 45 calendar days after notification to the Contractor to proceed. Bidders are hereby notified that pursuant to the Statutes of the State of California, or local laws thereto applicable, the La Mesa, Lemon Grove and Spring

Valley Irrigation District has ascertained the general prevailing rate of per hourly wages and wages for legal holidays and overtime work in the locality in which this work is to be performed, for each craft or type of workman or mechanic needed to execute the contract which will be awarded the successful bidder, and that these prevailing rates are contained in said Specifications, adopted by the Board of Directors of said District on June 21, 1955.

The foregoing schedule of hourly wages is based upon a working day of eight (8) hours. The rate for legal holidays and overtime work shall be not less than time and one-half of the prevailing hourly wages. The following days are established as holidays: New Year's Day, Memorial Day, Independence Day, Labor Day, Armistice Day, Thanksgiving Day and Christmas Day. If any of the above holidays fall on Sunday, the Monday following shall be considered a legal holiday.

It shall be mandatory upon the Contractor to whom the contract is awarded, and upon any subcontractor under him, to pay not less than the said specified rates to all laborers, workmen and mechanics employed by them in the execution of the Contract.

Each bid shall be made out on a form attached to and forming a part of the Specifications, which can be obtained at the office of the La Mesa, Lemon Grove and Spring Valley Irrigation District, 4709 Spring Street, La Mesa, California, and shall be sealed and filed with the Secretary of the Board of Directors of said District on or before July 19, 1955, at 9:00 o'clock A.M. and shall be opened and publicly read aloud at or about 9:00 A.M. of that day in the office of the Board of Directors of said District.

Each bid shall be accompanied by a certified or cashier's check or bond secured from a surety company satisfactory to the Board of Directors of said District, the amount of which check or bond shall not be less than 10% of said bid made payable to the order of the La Mesa, Lemon Grove and Spring Valley Irrigation District, said check or bond shall be given as a guarantee that the bidder will enter into a contract if awarded the work, and will be declared forfeited if the successful bidder refuses to enter into said contract after being requested to do so by the Board of Directors of said District.

The successful bidder will be required to furnish a labor and material bond in an amount equal to 90% of the contract price, and a faithful performance bond in an amount equal to 100% of the contract price, said bonds to be secured from a surety company satisfactory to the Board of Directors of said District.

The bidder shall be required to submit with the bid a guarantee of bonds on the form provided in the Specifications. All Plans and Specifications shall be returned to the District whether or not a bid is submitted. The said Board of Directors reserves the right to reject any or all bids and/or waive any irregularity in a bid. Dated La Mesa, California, June 21, 1955. By the order of the Board of Directors of the LA MESA, LEMON GROVE AND SPRING VALLEY

Patio Party For A Glorious Fourth

Patio, porch, or lawn—celebrate the Fourth of July in gay style! And if you feature lovely—and completely harmless!—crespe paper fireworks as the centerpiece for the picnic table, and serve hearty picnic food, you may even divert the children's interest from the noisier brand of celebration! Special note: the unusual decoration on the centerpiece is laundry head-bling—one with a brand new "xylon brightener" is sure to try it on your white nylon—a surprise as delightful as this centerpiece awaits you!

Base of Centerpiece: From red crepe paper cut strip 7" deep x 18" long... fold in half lengthwise. Cover as 8" paper plate by inserting edge of plate into the fold and pasting.

Needle Strips: Unfold 1 package of crepe paper tissue... with Red Blowing brush tip only. To make the "point" mixture, mix 1 cup head bling in a froth with 1/2 cup water. Let dry, then brush lightly with clear nail polish and sprinkle at once with silver "flitter" (brightener).

Pom-pom: With needle and strong thread, gather outer strip of tissue about 1" from straight edge, forming a fluffy pom-pom. Tie tightly, and paste the short ruff against center of plate.

Center: Fold back straight edge of second strip of tissue 1 1/2"...

Rebels: Paste two blue silver stars back to back at one end of a red straw... make 8 of these and insert in pom-pom.

Place Card: From white crepe paper, cut strip 3" x 15"... fold in half lengthwise and gather along fold. Tie into flat rosette. Brush tip with Red Blowing mixture and sprinkle with "flitter". From red straw cut 12 1/2" lengths... tie together at middle with pipe cleaner, bending other end of cleaner up, and fastening two stars at top. Trim with tiny bow, leaving one end of ribbon long and attaching to it a place card. (Place tied straw in center of rosette.)

MARSHAL'S SALE
Marshall's No. 51418
Court No. 16699

BY VIRTUE OF AN EXECUTION issued out of the Municipal Court of the City of San Diego, County of San Diego, State of California, dated the 13th day of June, 1955, in a certain action wherein D. M. JONES, Plaintiff, recovered judgment against BARAQUEL SOTELO and MARIA S. SOTELO, Defendants, for the sum of Two hundred sixty-three & 45/100 Dollars, \$263.45; and costs of suit, on the 13th day of April, 1955;

I have levied upon the following described property, to-wit: All that real property in the County of San Diego, State of California, particularly described as follows: Lots Thirty-nine (39), Forty (40), and Forty-one (41), in Lemon, according to map No. 1459 filed in the office of the County Recorder of San Diego County, July 3, 1912.

NOTICE IS HEREBY GIVEN, that on the 27th day of July, 1955, at 9:30 o'clock A.M. of that day, at the South center door of the County Courthouse, 250 W. Broadway in the City of San Diego County of San Diego, State of California, I will sell all the right, title and interest of said BARAQUEL SOTELO and MARIA S. SOTELO, Defendants, in the above described property, at PUBLIC AUCTION, for cash, lawful money of the United

Noted Doctor Says

You Can Learn to be Healthy

At least 50% of all the illnesses that doctors are expected to cure are actually induced—and can be prevented.

Thus writes a prominent mid-Western authority, Dr. John A. Schindler, head of the Department of Medicine at Wisconsin's famous Monroe Clinic, in his newly-published book, "How to Live 365 Days a Year." Dr. Schindler shows how it is possible to live without fear, fatigue and nervous stress... and thus eliminate half the ailments that beset mankind. His methods are based on over 30 years of trial and error... and successful results.

Thorough scientific research convinced Dr. Schindler that the common complaints of many of his patients were emotional in origin. He sought their cooperation in an effort to find the specific causes. His probing made it apparent that most of them were being defeated by problems with which they could not cope. In most instances, he found that when the problem was solved, the distress vanished.

One case from his book proves the validity of his methods. A grocer patient suffered from stomach pain. He was in competition with several chain stores. He had a nagging wife and a son who was constantly in trouble. Some consultants said he had ulcers, others said he had none. This confusion added to his pain. But twice a year, the patient went fishing in a town about 25 miles from home. As soon as he arrived on its Main Street, his pain stopped. There was no recurrence until two weeks later when, on his

return, he caught sight of the tourhouse tower of his home town. Immediately, like magic, his pain acted up again. Here is a case in which the patient recovered from his ailment whenever he removed himself from the cause of emotional stress—his business, his nagging wife and his errant son.

In "How to Live 365 Days a Year," Dr. Schindler outlines his "learning-maturity" method for overcoming emotionally induced illnesses. The basic theory is to substitute thinking that creates healthy emotions whenever stress-making emotions like fear, worry and anxiety take over. He reveals the techniques he has used in his clinic to guide people to happier, healthier lives.

States, to the highest and best bidder, to satisfy said execution and all costs.

Dated June 16, 1955.

SCIENCE IN YOUR LIFE

Premature Babies
One of medicine's most difficult problems is premature birth. Infants who arrive early are not actually ready to begin life in our world. They are too small, and their nervous systems are still undeveloped. Infectious diseases find them easy prey. Their feeding is difficult.

In spite of all this, doctors now have new tools with which to fight for a baby's life when standard treatment fails. When a child arrives prematurely, the doctor usually puts it into an incubator, a sealed crib with special heaters, a supply of pure oxygen and filters designed to keep out dangerous germs. Protecting the infant from infection is the big problem. In spite of air filters, germs can still attack the child. And recent investigations show that the best way to combat the infectious invaders is with the antibiotic drugs that are effective against many different germs.

Malnutrition of the mother is being studied as a possible cause of premature birth. Preliminary studies indicate that there is danger of premature birth unless the expectant mother is getting enough vitamin E, the so-called fertility vitamin in wheat germ oil, and vitamin K, which promotes healthy blood circulation.

The laboratories have developed nutritional supplements like Obryn to provide in capsule form the vitamins and minerals needed by a pregnant woman.

Much more will have to be learned by science before premature births actually can be prevented. However, their number is gradually decreasing. And when a baby does arrive before its time, today's chances of survival are much greater than they were even five years ago.

HOUSE & GARDEN FEATURE SERVICE

The true value of land today is how much living you get out of it—no how much you own. Every year more gardeners, more outdoor chefs, more birdwatchers are being discovered in backyards all over the nation. Families are willing to spend their week-ends building an outdoor barbecue, laying a flagstone terrace, or wood-herbaceous border.

Many of them are building backyard swimming pools, most of them extremely inexpensive. House & Garden magazine July issue now on sale is loaded with information for the proud homeowner who wishes to explore the possibilities of backyard development.

Children who have outgrown the playpen but are still too young for camp are often the most difficult to amuse at home. Why not put a large area of your yard where they can play within calling distance? House & Garden tells you how to do it. It doesn't involve buying a lot of expensive props.

Dr. John A. Schindler

SPEAKING & CARDS

POINT-COUNT BIDDING

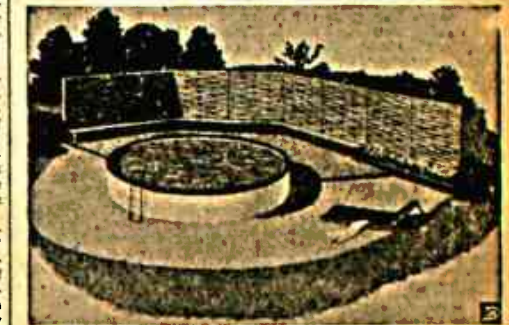

Are you one of those people who has shied away from learning how to play Contract Bridge because you think it's too complex? Or, if you are already a Contract Bridge fan, have you sometimes wished you had an adding machine handy to help you figure out what your hand is worth? If you fall into either of these two groups, here's some good news for you. It's the Point-Count System of bidding, probably the greatest boon to the bridge world since that November day in 1925 when Contract Bridge, as played today, was born.

Point-Count Bidding, or point-count valuation, as it is sometimes called, is designed to make bidding easier and more accurate and also to assist partners in the exchange of essential information. Many of you are already familiar with the point-count method of Contract Bridge but for those of you who are unfamiliar with it, here's how it works. The Point-Count bidding system gives the honor or high cards fixed point values which make it easy to figure out what your hand is worth. It does this by eliminating the "tricks" of the honor-trick method.

For instance, the Ace is worth four points, the King counts three points, the Queen two and the Jack only one. For opening suit bids your hand should contain at least 12 points and a good suit that you can bid again. With 13 points you can bid any biddable suit.

A new pocket-sized leaflet recently published describes in detail everything you need to know about the Point-Count System. The leaflet suggests responses to a notrump bid, requirements to raise your partner's bid, revelation after a raise. All sorts of tricks, if you'll forgive the pun, to make the game of Contract Bridge that much more enjoyable.

You can get a free copy of this eight-page leaflet, "Point-Count Bidding," for yourself or members of your bridge club by sending a stamped, self-addressed envelope to: Playin' Cards, 432 Leagon Avenue, New York 17, N. Y.

This pool is an example of what American manufacturing genius is doing to make backyard swimming pools available to families across the country. It comes packed in a carton ready to set up. Basket weave fence shields pool from prevailing winds and screens it from view of passers-by.

HOUSE & GARDEN FEATURE SERVICE

If you retreat indoors after dusk you are missing the best hours of the summer. Why not illuminate your yard and enjoy it till midnight? The magazine experts tell you how to do it. Today you don't have to be a movie star to own your own swimming pool. For that matter you don't have to be rich. Budget-priced swimming pools, like cars and bathtubs are selling off U.S. assembly lines. For example a new fiberglass pool, installed complete with filter system costs considerably less than a new convertible.

More important than most things is the time element. In the case of most prefabricated pools it is only a matter of days from excavation to swimming. In diving, Plastic types can be filled up right away.

House & Garden experts, in about 30 pages of the July issue tell you how to make "all summer long" seem like a never-ending vacation.

Hospital Rate To Be 20c Again

Grossmont Hospital district board of directors announced last week that the district's tax rate will again be held well below the statutory ceiling for the year 1953-54. The board adopted a resolution calling for a total rate of 20 cents, the same as for the current year, of which about one-third will go to pay bond interest and principal.

The board is permitted by law to levy a rate of 20 cents for maintenance and operation, plus whatever additional is needed for payment of bond service. This would have totaled about 32 cents.

In the resolution establishing the rate, the board estimated that bond service would require \$60,100 and maintenance and operation \$130,000.

The board's action was based on an estimate of income and expense during the hospital's first year of operation, prepared by Louis M. Peelyon, administrator. Peelyon emphasized that the budget must of necessity be an estimate this year, since there is no experience on which to base it. The hospital is scheduled for opening early in August.

The budget anticipates net income from charges of all departments of \$675,440.

At the meeting Tuesday evening, the board approved a schedule of office job classifications and salaries, and approved a group insurance plan for employees as submitted by Travelers Insurance Company.

Peelyon reported that work on the hospital is progressing on schedule, and that three more cars of equipment are due to arrive within the next week.

BORDER PLANTS DO WELL IN GROVE AREA

Low growing annual plants are being used more and more prominently to outline walks and as border plants. The height of the background to be bordered in most cases decides the ultimate height of the border plant you choose.

The number of plants of border value today are many, so therefore let us consider at this time only two. Alyssum, with heights of from 2 inches to 6 inches gives a range that can fit into most gardens. Also of great value, although limited to one height, 6 inches to 8 inches, is Ageratum.

Both of these plants demand sunshine, but not full day sun. If these plants receive from four

to six hours of direct sun per day they will thrive.

Ageratum with its dense green foliage and complete head of blue can be used as a border for most of the tall plants such as Aster, Zinnia, Marigolds, etc. To get the most show and a continuous border it is best to space these plants about 6 inches apart.

Alyssum has two dwarf forms. Royal Carpet to 2 inches, and Carpet of Snow to 4 inches. Alyssum can be used as a border for Phlox, Verbena, Dwarf Marigolds, etc. These two modern Alyssums are compact in growth with a solid mass of color.

The colors of the blue Ageratum, and the purple and white of Alyssum blend well into any garden arrangement and in most cases offer a color not found to any great degree in strains of the taller plants.

For a change from the usual in a flower bed area try a planting of Ageratum enclosed in a border of Carpet of Snow Alyssum. The blue of the Ageratum in this case will strongly accentuate the extreme white of the Alyssum.

Your garden shrubs can also be made more colorful during their summer bloom period by a planting of either of these border plants. By this use the usual blank area at the base of shrubs can be hidden and will show the tall plants to their best advantage.

"GOD" CHURCH SERMON THEME

The oneness and aliveness of God is the basic theme of the Sunday Lesson-Sermon in all Churches of Christ, Scientist, Sunday. The subject of the sermon is "God."

References which will be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, declare, "God is one God, infinite and perfect, and cannot become finite and imperfect."

"We shall obey and adore in proportion as we apprehend the divine nature and love Him understandingly, worshipping no more over the corporeality, but rejoicing in the affluence of our God" (pp. 387, 140).

STATE SETS EXAMS FOR JOBS IN JUVENILE DELINQUENCY CONTROL

Three jobs in California's program of juvenile delinquency control and prevention are now open to application, the State Personnel Board said today.

The positions, which pay \$436 to \$530 monthly, are consultant on juvenile halls, consultant in juvenile control, and field representative for the bureau of probation and delinquency prevention services.

Applicants for the consultant on juvenile halls position should have three years' experience in a children's institution, including some supervisory experience.

Three years' experience in a law enforcement agency, including one year in juvenile control work, is required for the job of consultant in juvenile control.

To be admitted to the examination for field representative, applicants should have three years' experience in development of community programs for the prevention of juvenile delinquency, probation or parole case work with some experience in community organization, or in a responsible supervisory capacity in a large-scale community program for the development of coordinated community resources and facilities for boys and girls.

In addition, applicants for these jobs should be college graduates.

TWO LOCAL CONTESTANTS TAKE SEVEN PRIZES AT COUNTY FAIR

Lemon Grove contestants won prizes in County Fair competition this week, it was announced by fair judges.

Larry Hunter, operator of a nursery on Sweetwater Road won the \$350 prize for landscape gardening.

Marie A. Heder, a housewife, 7052 Central Avenue, got second award for raisin bread; third for donuts; first for Parker House rolls; third for cinnamon cake; second for banana cake, and third for spice cake.

YOUNG AMBASSADORS

American youths are not slackers when it comes to boosting international good will. For example, the American Peoples Encyclopedia Yearbook for 1953 reports that the American Junior Red Cross has prepared exhibits of school life in the United States composed of youth paintings, photography and drawings, to be exported to other countries.

with major work in the social sciences.

Additional information may be obtained at Department of Employment offices on Columbia Street.

REFRESHING SUMMER DESSERT

Here's a dessert you'll have fun serving because it looks beautiful. It's a sheer pleasure to eat and practically no effort to make. The "nests" are a macaroon mixture made with sweetened condensed milk and coconut. Instead of forming solid little macaroons, spread them in individual circles and bake.

Whisked from the oven and cooled, the centers are filled with chilled canned apple sauce mixed with strawberries and flavorings, topped with whipped cream.

It unites the sweet lusciousness of coconut macaroons with the refreshing lively taste of ready-prepared apple sauce and strawberries.

The first impulse, perhaps, to decorative is to serve it to guests, but this dessert really belongs on the family meal table, too. For it's light, easy to fix, delicious and inexpensive.

Apple Sauce Macaroon Nests

1/2 cup (one-half 15-oz. can) sweetened condensed milk
3 cups shredded coconut
Mix condensed milk, coconut, vanilla and almond extracts. Place 3 tablespoons coconut mixture on greased baking sheet; form into 4" ring, leaving 1" space between rings. Bake in moderate oven, 350° F., 8-10 minutes, or until delicate brown. Remove from baking sheet at once. Cool. To serve, fill centers with apple-strawberry filling. Garnish with whipped cream if desired. Yields 7-8 rings.

APPLE-STRAWBERRY FILLING
2 cups canned apple sauce
2 tablespoons lemon juice
Mix apple sauce, lemon juice, strawberries and almond extract. Chill. Spoon into coconut nests. Yields 7-8 servings.

APPLE SAUCE MACAROON NESTS
1/2 cup (one-half 15-oz. can) sweetened condensed milk
3 cups shredded coconut
1 teaspoon vanilla extract
1 teaspoon almond extract
• Apple-Strawberry Filling

Mix condensed milk, coconut, vanilla and almond extracts. Place 3 tablespoons coconut mixture on greased baking sheet; form into 4" ring, leaving 1" space between rings. Bake in moderate oven, 350° F., 8-10 minutes, or until delicate brown. Remove from baking sheet at once. Cool. To serve, fill centers with apple-strawberry filling. Garnish with whipped cream if desired. Yields 7-8 rings.

APPLE-STRAWBERRY FILLING
2 cups canned apple sauce
2 tablespoons lemon juice
1 pint sliced strawberries
1 teaspoon almond extract
Mix apple sauce, lemon juice, strawberries and almond extract. Chill. Spoon into coconut nests. Yields 7-8 servings.

APPLE SAUCE MACAROON NESTS
1/2 cup (one-half 15-oz. can) sweetened condensed milk
3 cups shredded coconut
1 teaspoon vanilla extract
1 teaspoon almond extract
• Apple-Strawberry Filling

Mix condensed milk, coconut, vanilla and almond extracts. Place 3 tablespoons coconut mixture on greased baking sheet; form into 4" ring, leaving 1" space between rings. Bake in moderate oven, 350° F., 8-10 minutes, or until delicate brown. Remove from baking sheet at once. Cool. To serve, fill centers with apple-strawberry filling. Garnish with whipped cream if desired. Yields 7-8 rings.

APPLE-STRAWBERRY FILLING
2 cups canned apple sauce
2 tablespoons lemon juice
1 pint sliced strawberries
1 teaspoon almond extract
Mix apple sauce, lemon juice, strawberries and almond extract. Chill. Spoon into coconut nests. Yields 7-8 servings.

APPLE SAUCE MACAROON NESTS
1/2 cup (one-half 15-oz. can) sweetened condensed milk
3 cups shredded coconut
1 teaspoon vanilla extract
1 teaspoon almond extract
• Apple-Strawberry Filling

Mix condensed milk, coconut, vanilla and almond extracts. Place 3 tablespoons coconut mixture on greased baking sheet; form into 4" ring, leaving 1" space between rings. Bake in moderate oven, 350° F., 8-10 minutes, or until delicate brown. Remove from baking sheet at once. Cool. To serve, fill centers with apple-strawberry filling. Low-Calorie Treats For Cool Fourth

Declare your own independence from a hot and hectic Fourth of July with a cool retreat like this: a shady spot out of rocket range, and tall, frosty glasses of lemonade with crispy cookies to munch on between sips. A snack even cooler than it looks, both the lemonade and tasty vanilla drop cookies are sweetened with saccharin, which contains no heat or weight-producing calories. It's an economical and easy way to make treats that won't go to waist!

Vanilla Drop Cookies

(Calories per cookie: 21)

Turn on oven; set at hot (400° F.).

Cream in a 4-cup bowl, 5 tablespoons shortening.

Add and mix well, 1 egg, well beaten.

Dissolve, 15 saccharin tablets (1/4 grain each) in

3 tablespoons skim milk and 1/2 teaspoon vanilla.

Sift together, 1/2 cup sifted all-purpose flour

1 teaspoon baking powder

1/2 teaspoon salt.

Add flour and milk alternately to creamed mixture. Drop by teaspoons onto cookie sheet. Flatten by pressing with floured tines of fork. Bake for 10 minutes. Makes 30 small cookies.

For Swiss Chocolate or Pineapple Drop Cookies fold 1/4-cup square grated, unsweetened chocolate into batter or fold 2 tablespoons canned, unsweetened crushed pineapple into batter. Bake as directed above. (Calories per cookie: 33 for Swiss Chocolate, 32 for Pineapple Drop.)

Major Skowronek's Son in Helicopter Airlift Operation

KANOEHE BAY, T. H.—Pfc. Alfred M. Skowronek, son of Major and Mrs. Alfred Skowronek of 7276 Waite Dr., Lemon Grove, is participating with the 4th Marine Regiment in a special helicopter airlift in the Hawaiian Islands.

The operation, conducted under simulated combat conditions, is designed to familiarize the regiment's 6,000 Marines with the steps that go into accomplishing an airlift into a combat zone.

Personnel of Helicopter Rescue Squadron 161 are indoctrinating the troops prior to the actual airlift. The exercise is under the supervision of the 1st Provisional Marine Air-Ground Task Force at the air station here.

Levis and Laces Plan More Children's Classes

Saturday evening marked a special occasion for members of Levis and Laces Square Dance Club. Invitations were issued to a members only dinner and dance at Sweetwater Dining Room. On hand to enjoy a delicious chicken dinner were 100 members. Details of the dinner party were handled by Beth Wentzel and Arlene Fiege, and dancing followed. The meeting was enjoyed with Clarence Montgomery and Juan and Don Frank calling.

Other events planned by the club for the near future include party night on Saturday, July 2 at the Woman's Club and an overnight camping trip to Laguna mountains on July 16, with square dancing under the stars.

Because of the unprecedented number of children enrolled in the Junior Square Dance classes it has been necessary to set up an additional class to accommodate the youngsters. Over 400 children are now attending the classes which has made it necessary to close the registrations. In order to accommodate those who still want to join, Levis and Laces have worked out the following schedule which will be effective June 30, until further notice.

4:30 p.m. to 5 p.m.—5 years through 7 years.
5:30 p.m. to 6 p.m.—8 and 9 years.
6:30 p.m. to 7 p.m.—10 and 11 years.
7:30 p.m. to 9 p.m.—12 years through 15 years.

Mrs. Mabel White, chairman of the Junior Square Dance Committee, has expressed the hope that all class members be on hand promptly at the hour specified. Because of the fact that space is limited and sponsors wish to keep commotion to a minimum, only the dancers and authorized assistants will be admitted inside the clubhouse.

Suggested square dance apparel for youngsters is: full skirts and blouses or full-skirted dresses for the girls; long sleeved shirts and levis for the boys. Comfortable shoes are a must, and it is requested that children do not wear shoes that make black marks on the floor (black heels and soles).

To Mrs. Agnes Lizama goes credit for efficient organization of the classes, the enrollment of which far exceeded the number anticipated. Mrs. White has recently taken over the job of keeping the classes going smoothly, and it is hoped that all children who wish to learn to square dance will be taken care of with the new schedule.

Parents will be kept informed of the class activities, and will be invited to attend a party dance at a later date.

Woman's Juniors Make Special Appeal For Safety as Holiday Approaches

MRS. IRVIN MAJORS

Do you recall that 348 lives were lost in traffic accidents alone during the Fourth of July holidays last year? You can help reduce this number during our coming three day holiday by four simple phone calls.

The General Federation of Women's Clubs, Junior and Senior membership, are joining together nationally to help reduce the number of deaths on the highway. On Wednesday, June 29, the Lemon Grove Juniors will start their chain of phone calls.

All Women's Clubs have selected a safety chairman. She is contacting each member by letter, asking her to phone four friends or neighbors and tell of this appeal. That is how you can help—go to your phone and call four of your friends or neighbors, urging them to be extra careful when traveling to resorts or picnic grounds, or wherever their plans might take them, and ask them to continue the chain of phone calls by calling four other people.

It would be heart warming to you and to everyone to read the paper on the morning of the fifth and see the number of 348 deaths greatly reduced.

Join our chain—don't break it—but together, let's break death on the highway.
